Questions for reflection

- After each completed activity you upload a simple document with your reflections as pdf (250-300 words).
- Focus on your personal experiences and less on details related to the actual activity. Use the following questions:
- How has your participation in the activities contributed to a global perspective related to your education? State examples based on your experience in order to better illustrate your reflections.
- Describe the knowledge you have gained and how this relates to your education and future profession. State examples based on your experience in order to better illustrate your reflections.
