

Application

All the groups will be constituted of 3 Dutch students and 3 Swiss students. The same groups will be working together for the whole stay (preparation of group presentation, visits to institutions). The group who presents Switzerland will be matched with the Dutch groups presenting The Netherlands.

Group assignment

A) Switzerland (3 ZHAW students) and The Netherlands (3 RUAS students)

1. Choose one (or two) of the mentioned countries if applicable. Fill in
2. **Prepare a short and innovative presentation of 10 a 15 minutes** which you will present in front of all the students and lecturers on Wednesday, 5 May or Thursday 6 May in the afternoons.
 - **A short overview of the midwifery education and organization of birth care (midwifery practice) in the chosen European country's health care system**
 - **One topic (specific subject) which is relevant to this country's midwifery practice or education.**By example:
 - Indications for episiotomy and percentage,
 - Indications Caesarean section and percentage,
 - Home delivery and percentage
 - How is birth care organized in countries where is a great distance to the hospital?
 - How is prenatal care organized in rural areas?
 - Which interventions are used for change of behavior in case of smoking/alcohol /drugs abuse ecetera
 - How many checkups in pregnancy?
 - Counseling for prenatal screening?

➔ Some starting points to get basic ideas about midwifery in the chosen countries:

- EMA (European Midwives Organization)- members
- ICM (International Confederation of Midwives) - home – our services
- WHO perinatal care Europe (zB Peristat)

Useful are also: use also traditional and social media channels....

We encourage you to get in contact with your Swiss group members as soon as possible in order to get organized for your assignment and to start preparing your presentation already from home. You will have some time to finalize your work in Rotterdam.

B) Switzerland (5 ZHAW students) and The Netherlands (6 RUAS students)

1. Prepare a 20 minutes innovative presentation including the following themes which you will present in front of the students and the lecturers on Tuesday Morning, 4 June 2019.
 - Midwifery education in the Netherlands and at the Bachelor Verloskunde Rotterdam
 - Organization of Birth care (Midwifery practice) in the Dutch health care system
 - Interprofessional care for vulnerable childbearing women and their families (present 1-2 projects in the Rotterdam region or in the Netherlands)

And don't forget: be creative, your individual preparation time should not exceed 2 hours !!!

Additional general information:

- 36 RUAS students, 35 ZHAW students
- The Dutch students will organize a visit for their Swiss group members, to one or two midwifery practices, a hospital (labour and neonatal ward), a birth Centre or what you find interesting, on Tuesday afternoon and Wednesday morning and Thursday morning (at least two moments).
- The ZHAW students will organize the first lunch. Each ZHAW student brings something typically Swiss to eat and to share for all participating students and lecturers.
- On Wednesday the Dutch students will prepare the Dutch lunch for everybody. Bring something typically Dutch to eat and to share for all participating students and lecturers.
- Drinks will be provided.
- The joint dinner on Wednesday evening will take place in an affordable and cool Italian restaurant.
